LICENSE PAKS:

The enclosed License PAK (**Product Authorization Key**) is an **IMPORTANT** document. It represents your license from Digital to use a software product, **AND**, it is a tool to help you track software licenses.

Please review carefully the terms on the back of the PAK.

The License PAK is a valuable proof of purchase for your software license. After registering the information found on it, you should store the License PAK in a safe place for record keeping and license upgrade purposes.

License PAKs are used in conjunction with the License Management Facility (LMF), a new capability introduced with VMS V5.0 and ULTRIX V4.0 to help system managers track and manage software licenses. The License PAK contains data you will need to register with the LMF. Instructions for registering License PAK data for VMS and ULTRIX products are detailed in the following places:

VMS Operating System Documentation:

- VMS License Management Utility Manual
- VMS Online Help
- Product Installation Guides
- Product Release Notes

ULTRIX Operating System Documentation:

- Guide to Software Licensing
- ULTRIX Online Help - LMF Manual page, 1mf(8)
- Product Installation Guides
- Product Release Notes

Operating Systems with no LMF:

Where this License PAK has been provided for a product which will be used on an operating system for which there is currently no LMF available, please keep the PAK in a safe place, for possible future use.

LICENSE LETTERS OR LICENSE CERTIFICATES:

The enclosed License Letter or License Certificate represents Software that is not LMF compliant therefore does not require a License PAK. Please refer to the message on the front of the Certificate or Letter for further information.
